The primary allegations concern the judge's rulings, which are outside the jurisdiction of the commission. Accordingly, the complaint is dismissed in its entirety pursuant to Rules 16(a) and 23.

on June 1-2011 in Superior court
The Judge was super unfair. This is what happened. I told the Judge that I wanted to file a motion asking for judicial notice and at first he was like no, for what, and I stated that Arizona Rule 201 were being violated. he still was like "no" I'm not buying it. Then I told him about Rule 13.2(A) which states that the indictments must be plain and concise. Also I said 14.1(A) says that an arraignment shall be held no later than 10 days after the indictment and he was still like, no, not good enough. Then I was like well for you to say that your in violation of the rules. Then he said he would hear my motion but all he was going to do is "deny" it. Then he said what else do you have and I stated that I haven't had a arraignment but I had A (12.10) hearing not A (14.3) arraignment were I got to plead my case but instead they interd a not guilty plea for me before I got there and he was like I don't know what your talking about is that all. I stated that I was going to write the judicial code of conduct and he was like so I'll give you the address
