COMMISSION ON JUDICIAL CONDUCT

Disposition of Complaint 17-093

Judge:

Complainant:

ORDER

The complainant alleged a justice of the peace issued an erroneous ruling.

The responsibility of the Commission on Judicial Conduct is to impartially determine if the judge engaged in conduct that violated the provisions of Article 6.1 of the Arizona Constitution or the Code of Judicial Conduct and, if so, to take appropriate disciplinary action. The purpose and authority of the commission is limited to this mission.

The commission does not have jurisdiction to review the legal sufficiency of the judge's rulings. In addition, the commission found no evidence of ethical misconduct and concluded that the judge did not violate the Code in this case. Accordingly, the complaint is dismissed in its entirety, pursuant to Rules 16(a) and 23(a).

Enclosed is my story, with pictures and all the motions. A Failure to give a Fair Verdict
I must say one thing to the courts of AZ. The fact that some company damages a car like mine, then you take it into
And then it turns into a blown out trial
is out Raging, and the fact of the case, it is just common knowledge
Common sense, the weight, and measure in pictures should be enough evidence to show the facts, the real fact is
The judge did not look at all the evidence, and use common knowledge. (I think the lawyer and the judge are friends.)
I felt and knew it was a fix trial when the judge went to take a break after the attorney asked the judge to see the car that is away
from court, the judge came back in and said he has the verdict
