COMMISSION ON JUDICIAL CONDUCT

Disposition of Complaint 17-158

Judge:

Complainant:

ORDER

The complainant alleged a superior court judge was biased against her and made improper rulings in a family law proceeding.

The responsibility of the Commission on Judicial Conduct is to impartially determine if the judge engaged in conduct that violated the provisions of Article 6.1 of the Arizona Constitution or the Code of Judicial Conduct and, if so, to take appropriate disciplinary action. The purpose and authority of the commission is limited to this mission.

The commission does not have jurisdiction to review the legal sufficiency of the judge's rulings. In addition, the commission found no evidence of ethical misconduct and concluded that the judge did not violate the Code in this case. Accordingly, the complaint is dismissed in its entirety, pursuant to Rules 16(a) and 23(a).

issues and no discrimination even though also got from Judge
 on another case with her who was
 from her due to and a in this while was
 there. removed for while took classes, counseling and drug testing.
 Judge had already made up mind on the case with even before the hearing with
 on the phone, and in the court room. The hearing was moot as
 Judge wanted the case out of court room especially due to the added problems with
 that lied to Judges as never knowing that
 this happened while in her care in is in counseling in and now
 will no longer allow to come to as now claims that
 due to which never happened. Judge has now ruled that
 and will have to go to to file any motions and get heard. Judge
 allowed and to move to against the ruling of the court in and out
 at further risk of abuse while in care. has been arrested for
 and has a history of going with met
 this online, also did in against
 always
 as part of her profession and values. Judge allowed to suffer trauma and
 as t finally reported which happened
 to in Judge did not investigate this case and they
 did not even consider in allowing to remain in without any
 to the had ordered which Judge
 did not uphold or consider in ruling other than to cause more abuse and harm to the
 by forcing them to go to to seek which will not be granted if one
 decides it will not benefit as his the law there. I and
 have tried to set up which has denied. Again, Judge
 has put at further risk and miscarried or the protection of
 told because knew what did for
 which was to would not have ever been heard and gotten the help
 needed for the by as well as for not getting
 help when in has had problems due to this and
 not getting help. lied to the Court about this and put at risk for over
 by being free to as never reported this crime which is
 required by law in every state. Judge allowed to break laws and just transferred the
 case to so she would not have to deal with her own ineptitude and failure in
 have filed an appeal to this ruling by Judge
