Complainant:

ORDER

The complainant alleged a superior court judge was biased against him, had a conflict of interest, allowed the prosecutor to engage in inappropriate demeanor, and interfered with his right to effective assistance of counsel.

The responsibility of the Commission on Judicial Conduct is to impartially determine if the judge engaged in conduct that violated the provisions of Article 6.1 of the Arizona Constitution or the Code of Judicial Conduct and, if so, to take appropriate disciplinary action. The purpose and authority of the commission is limited to this mission.

After review, the commission found no evidence of ethical misconduct and concluded that the judge did not violate the Code in this case. Accordingly, the complaint is dismissed in its entirety, pursuant to Rules 16(a) and 23(a).

Dear: Jewdical Commmity

Hello, Thank you for allowing me the time to say my peace. The reason for my correspondance is to make aware of an unjust that is being done by

of the

Whom has

taken upond himself to abuse his powers. He has displayed un-professional behavior [which court Audio Transcripts will show], on the verbal communication he has done with my self. The language and disrespect that he allows prosecutor, to use [I.E. "shut up and sit down while Im talking"] which the state bar is investagatinge

is Bias towards me "my opinion." He was not

present nor my lawyer at my first I/A hearing, nor was it conducted on video court, which I believe someone should have been there.

has been my Judge In previous case's, which in its self should be a conflict of Intrest. He's stated on record at a

Im to have a Rule 7.2(C) hold on me, that Im a danger to society, which has been going on for over (7) months without any reason or justification as to why Im a danger to society.

Furthermore, on

I appeared

before for a court apperance on a status confrence which I have more evidence of the unjust of

The court is Fully aware of the hardship between counsel, and my self for his inability to adequatley defend me.

I took it upon my self, as per my right to "assist counsel" to conduct my own defense investagation in my case. Due to my Impending case, I and my counsel should have allready if not Investagated the case, reviewed crime seen, came up with strategy for defense, file proper pre-trial motions for discovery or dismissals, properally prepair for trial but

due to the ineffectiveness on part of my lawyer, I had to adjust and take a more front line approach to fight my case, which means, study the law books, cross checking supplemental disclosures and file my own motions. To which today at court stated on record.

"I'm not allowed to file any motions, while you have counsel." I told him to repeat what he had just stated and again he stated the same thing. I already submitted one motion, [see attached exhibit 1] which court accepted with a court filed stamp. So he just contradicted his own self. Which brings me to my conclusion that he is biest towards me and my case.

Also when I was in court on the I asked for a short resset, down stairs in a private room to talk to my counsel since I havent seen him in almost a month, at first said "No", then I said fine I'll come talk for my self, then he said ok but not down stairs only here in the Jury room, were the door was left open and the officer heard the hole conversation and the prosecutor and computer girl, this is a violation all on its own, were made me do the same thing on this needs to stop.

I'm entitled to assist counsel. Not only is showing biest but he is also preventing me from fully fighting and having a fair trial. To this I ask you to Fully investagate this matter and administer what ever disiplinary sanction you see fit.

Thank you for your time.
