**ORDER**

The Complainant alleged a superior court judge was biased against her, bullied her in court, and denied her the right to cross-examine the opposing party in a family law matter.

The role of the Commission on Judicial Conduct is to impartially determine whether a judicial officer has engaged in conduct that violates the Arizona Code of Judicial Conduct or Article 6.1 of the Arizona Constitution. There must be clear and convincing evidence of such a violation in order for the Commission to take disciplinary action against a judicial officer.

The Commission does not have jurisdiction to overturn, amend, or remand a judicial officer's legal rulings. The Commission reviewed all relevant available information and concluded there was not clear and convincing evidence of ethical misconduct in this matter. The complaint is therefore dismissed pursuant to Rules 16(a) and 23(a).

From the beginning it seem to be a lot of biased from the court by telling me that I couldn't file motions and the court lost all of my exhibits to my case on the day of trial they claim that the have not received any thing from me when I had hand delivered all documentation to the court and had to make calls for them to obtain them from me. With that being said the judge bullied me into doing joint custody by making statements such as ( ) I was not able to cross exam the other party as the judge state that and never asked anything to the other party. The only exhibit I was able to submit was emails at the time and other issues where really not address she stated that because we don't have that our other claim would not be discussed. Which I was only will not to except spousal support or child support if the court would give me full custody. The Judge also change the scheduled time of without letting me know when both had agreed that current set schedule was okay for each party, but the judge changed it and made it so I am not to allowed to she my child on any given weekend. I fill this is because I asked the judge to and which the judge stated that I feel that the order she has put in place is on to ensure that I can even visit my family on a weekend or be with my child in my free time. She took the fact that I had no lawyer and bullied me in the court. I feel like I was not heard in any aspect of my case and she was very aggressive and combative with me when she had no reason to be.
