Judge:

Complainant:

ORDER

September 4, 2019

The Complainant alleged a municipal court judge improperly assessed him service of process fees on photo radar tickets.

The role of the Commission on Judicial Conduct is to impartially determine whether a judicial officer has engaged in conduct that violates the Arizona Code of Judicial Conduct or Article 6.1 of the Arizona Constitution. There must be clear and convincing evidence of such a violation in order for the Commission to take disciplinary action against a judicial officer.

The Commission does not have jurisdiction to overturn, amend, or remand a judicial officer's legal rulings. The Commission reviewed all relevant available information and concluded there was not clear and convincing evidence of ethical misconduct in this matter. The complaint is therefore dismissed pursuant to Rules 16(a) and 23(a).

Commission members Gus Aragón and Roger D. Barton did not participate in the consideration of this matter.

Copies of this order were distributed to all appropriate persons on September 4, 2019.

Defendant;

I the defendant is hereby contesting the of the Court decision of the motion being denied of the service fees of the processor server. Which was base on following unable to read the acronyms of Rule 4 AZRCIVPROC. After reviewing myself and a legal assistant the Arizona Revise Statues there was NOWHERE in Rule 4.1,2 stating that the court of can or has the legal right to still collect from a defendant when he/she has been exonerated of ALL violation being accused of. This person has provided all documentation to exonerate myself.in detailed see copy A,

Still denied regardless of all consecutive steps were taken to prove I was not the driver..

If the Court can prove me they are following the laws of courts in no matter if a person is completely not guilty of any where near or involved in any way or shape responsible on the typed of violation.

Again here I am out with no knowledge of my vehicle being driven by a person without my permission and still be liable for this violation is a illegal practice of law.

So if you can direct me to the statue of Rule 4 where your source of evendence is.

To conclude my closing statement 1.provided prove I was not the driver2.an attempt was made to obtain police report of stolen vichile,a time lapse was to long,plus subject was a relative staying at defendant home.No evendence at all.why do I still have to pay for a case on myself.and the City still want their loss of payment to the processor server cost dollars.it is a unlawful violation of misused of collecting funds.

Sincerely
