

State of Arizona
COMMISSION ON JUDICIAL CONDUCT

Disposition of Complaint 20-125

Judges:

Complainant:

ORDER

July 16, 2020

The Complainant alleged that a superior court judge unfairly sided with the prosecution in a criminal case and that a superior court commissioner ignored the law.

The role of the Commission on Judicial Conduct is to impartially determine whether a judicial officer has engaged in conduct that violates the Arizona Code of Judicial Conduct or Article 6.1 of the Arizona Constitution. There must be clear and convincing evidence of such a violation in order for the Commission to take disciplinary action against a judicial officer.

The Commission does not have jurisdiction to overturn, amend, or remand a judicial officer's legal rulings. The Commission reviewed all relevant available information and concluded there was not clear and convincing evidence of ethical misconduct in this matter. The complaint is therefore dismissed pursuant to Commission Rules 16(a) and 23(a).

Commission member Louis Frank Dominguez did not participate in the consideration of this matter.

Copies of this order were distributed to all appropriate persons on July 16, 2020.

This complaint is being submitted due to the major malfeasance that the defendant endured of never being heard or the answer.. The defendant wrote a letter to this Judge hoping to get some reprove, instead at the next hearing the Judge was conveniently sick. The judge that took honorable Judge _____ place at that hearing was ready to move forward , she had no idea what was going on and the prosecution had not even responded to any if the motions submitted by the defense. NONE. About _____ the defense sent the prosecution a motion with proof of claims with consequences of course they didnt answer. The defense did receieved a motion to dismiss without prejudice. We responded with a default in judgment and dismiss with prejudice.since there was obviously no case as evidence of all the unresponded motions, affidavits, that somehow the judges and the proseution seem to think they are above the law. Judges just take the side of the prosecution dont even look at the defenses argument.

See attached.

J.S.C. 5 3333. An individual that accepts an office or employment with the Government of the United States Shall execute an affidavit within days after accepting the office of employment that his acceptance and holding of office. The affidavit is the primie facia s the evidence by holding office it does not violate section 7311 of the title. With that being said HAINES v. KERNER, ET AL. 404 U.S. 519, 92 S. Ct. 594, 30 L. Ed. 2d 652. Whatever may be the limits on the scope of inquiry of courts into the internal administration of prisons, allegations such as those asserted by petitioner, however hartfully pleaded, are sufficient to call for the opportunity to offer supporting evidence. We cannot say with assurance that under the allegations of the pro se complaint, which we hold to less stringent standards than formal pleadings drafted by lawyers, it appears beyond doubt that the plaintiff can prove no set of facts in support of their claim.

This judge had the audacity to inform me
That the law or better yet that case was in
Correct and so was defendent. Only thing this judge did
was ask me about dates at every single hearing. She also
told me that I was not was entitled to a preliminary
hearing. Following my research the defendent discovered
his statement was totally incorrect. Another Judge name
put a plea in without giving the defendant a
chance to even respond. That is a felony. I'm sure
that there is much Fraud going on in those court rooms in
