Complainant:

ORDER

October 15, 2020

The Complainant alleged a superior court commissioner violated his constitutional rights.

The role of the Commission on Judicial Conduct is to impartially determine whether a judicial officer has engaged in conduct that violates the Arizona Code of Judicial Conduct or Article 6.1 of the Arizona Constitution. There must be clear and convincing evidence of such a violation in order for the Commission to take disciplinary action against a judicial officer.

The Commission does not have jurisdiction to overturn, amend, or remand a judicial officer's legal rulings. The Commission reviewed all relevant available information and concluded there was not clear and convincing evidence of ethical misconduct in this matter. The complaint is therefore dismissed pursuant to Commission Rules 16(a) and 23(a).

Commission member J. Tyrrell Taber did not participate in the consideration of this matter.

Copies of this order were distributed to all appropriate persons on October 15, 2020.

I'm writing this letter in regards to the character and professionalism of Honn first my attorney violation of Due process on motion for Violation of Rule 8 on Question here is why did and rule on my motions in a timely manner, and why was I not allowed to attend my pre-trial conferences before trail management without ruling on my motions. I had a evidential hearing and the final day for ruling was but after final trail management the ruling day changed to for some reason unknown to me. Then during final trail management the Judge threatened to violate my constitutional rights by telling me that I was only going to get 2 strikes on my Jury pull. How professional is that, by threatening me with a un-fair trail during the Pandemic. I believe this to be a form of coercion, and by refusing to rule on my motions, and by her previous threat of behind bars at settlement conference. This act lead me of being in fear of my life to take a plea bargain, or be locked up forever. And her response

to my attorney stating I have severe health issue is that "We all have health issues!" With complete disregard to my life with a serious immune system health issue. I believe her actions to be acts of terrorism on my life. Causing me a innocent person to plead Guilty in fear of my life is a violation of my constitutional legal right in America. Why are so many of my rights being overruled by someone who is suppose to be educated about the law and who is expected to do godly work. There for she used her power to violate my constitutional rights. Her actions should be deemed works of the devil and she should be removed from the bench. Her professionalism and character in this case should be inexcusable and deemed the worst that man kind should ever have to experience. This is not justice that people have given there lives for in this country. How dare her act like this towards people.
