There must be clear and convincing evidence of such a violation in order for the Commission to take disciplinary action against a judicial officer.

RE: Case my mother...

Dear Ms. :

is the additional Judge that is violating in this case. She continues not allowing me to file ANYTHING! It is impossible to get solutions when people on the bench are iron clan oppressants and are stonewalling everything for good that I try for my mother's wishes, rights, welfare, and wellbeing.

Pls. put an end to this oppression and help my mother come home to me where she asked the court to be from the beginning,

Additionally, the Guardians have an illegal appointment, since they have felony on record. They are illegally keeping my mother away from me and from her friends and other family members. Also, GUARDIAN, is vicious to me and his mother. He is literally INSANE FROM & ABUSE! The court is taking my mother's rights, not even giving an attorney for her. My mother is being held in the group home against her wishes from the beginning. Then, I uncovered, that my mother is being overdosed in the home when she's residing. Guardians are aware of this and are going along with it! It is disgusting. supervisor stated that this is a crime, and due to Hippa Law they are unable to investigate the medical

documents. There are other failures' of policy in this matter concerning my mother as well! It is SICK and the process is screaming for REFORM!

Pls. stop all injustices, and get my mom home to me, ASAP! GUARDIANSHIP must also be given, so that I can best guard and protect her as is my duty, because I love her with all of my heart and soul! My mother is my treasure and best friend; she always has been and always will be! THANK YOU!

BEST WISHES!
