

State of Arizona
COMMISSION ON JUDICIAL CONDUCT

Disposition of Complaint 22-262

Judge:

Complainant:

ORDER

September 21, 2022

The Complainant alleged a superior court judge improperly denied a petition for name change.

The role of the Commission on Judicial Conduct is to impartially determine whether a judicial officer has engaged in conduct that violates the Arizona Code of Judicial Conduct or Article 6.1 of the Arizona Constitution. There must be clear and convincing evidence of such a violation in order for the Commission to take disciplinary action against a judicial officer.

The Commission does not have jurisdiction to overturn, amend, or remand a judicial officer's legal rulings. The Commission reviewed all relevant available information and concluded there was not clear and convincing evidence of ethical misconduct in this matter. The complaint is therefore dismissed pursuant to Commission Rules 16(a) and 23(a).

Commission member Christopher W. Ames did not participate in the consideration of this matter.

Copies of this order were distributed to all appropriate persons on September 21, 2022.

COMPLAINT AGAINST A JUDGE

Name. _____ Judge's Name. _____

Instructions: Use this form or plain paper of the same size to file a complaint. Describe in your own words what you believe the judge did that constitutes judicial misconduct. Be specific and list all of the names, dates, times, and places that will help the commission understand your concerns. Additional pages may be attached along with copies (not originals) of relevant court documents. Please complete one side of the paper only, and keep a copy of the complaint for your records.

judge neglected the safety of myself and my child by not approving our family name changes years ago and since he dismissed them we have been abused, tortured and there is a pending murder because we were not protected or have the name change that we requested. Now because of this judges error we may die if no one helps us as they are legally obligated to do and no one stops the people of authority from lying, killing, neglecting, abusing, setting people up and not following the rules and law to help and not harm. we now need an emergency same day name change and money to protect us

judge neglected our safety and is not following the laws, rules, policies and procedures that are made for the court to keep people safe. He is picking and choosing which ones that he wants to follow to hinder us and not help. He is asking for us to contact someone who has said and showed us that they want to kill myself and my children and we have a _____ against my children's father who he is asking us to contact who is not even on my children's birth certificate. He and his assistant basillia are also ignoring us and this is how the case is delayed because _____ does not respond enough and not clearly and this may be rude passive aggressive behavior. brain lies under oath and is exhibiting serial killing behavior by not caring that we are living outside in extremely hot weather and we are owed more than _____ years of child support and the child support supervisor is ignoring us causing more trauma, abuse, pain and suffering.

The judges in Arizona are scary and they behave like killers and do not follow safety protocols and exhibit kindness and compassion.

This whole deadly, abusive situation may be caused by another judge _____ who works in the _____ court who I had a name change case with years ago who asked me to contact the abuser and then dismissed my request for our family name change due to safety reasons. Then we started being abused and it has not stopped since then and we (myself and my children) are now in the process of being murdered and it is such a shame that everyone is just sitting around lying and mistreating us instead of helping, protecting and compensating us per the rules.

judge _____, _____ and the _____ may be the cause of people trying to kill us because we have not been protected appropriately and no one is chastising the people of Arizona in many positions who are not following the rules and are causing people pain and suffering and having them killed by not obeying the rules.

we have another hearing on _____ and I requested a different judge through the _____ email which is _____ and I have not heard a response from them or which is judge _____ who does not respond clear and directly.

I hope you can help us because it is extremely hot and we should not be abused, tortured, or murdered because we spoke up and told the truth about being abused. If that is the law and what is encouraged then we should be protected and helped per statute.
