

State of Arizona
COMMISSION ON JUDICIAL CONDUCT

Disposition of Complaint 24-126

Judge:

Complainant:

ORDER

July 23, 2024

The Complainant alleged improper legal rulings and bias by a superior court judge hearing a family case.

The role of the Commission on Judicial Conduct is to impartially determine whether a judicial officer has engaged in conduct that violates the Arizona Code of Judicial Conduct or Article 6.1 of the Arizona Constitution. There must be clear and convincing evidence of such a violation in order for the Commission to take disciplinary action against a judicial officer.

The Commission does not have jurisdiction to overturn, amend, or remand a judicial officer's legal rulings. The Commission reviewed all relevant available information and concluded there was not clear and convincing evidence of ethical misconduct in this matter. The complaint is therefore dismissed pursuant to Commission Rules 16(a) and 23(a).

Copies of this order were distributed to all appropriate persons on July 23, 2024.

Obviously

Judge and his judicial employees all missed the accountant testifying on

Here, I am providing it to you again, but in writing.

Immediately transfer

 years of OUR income

ALREADY WITHHELD from me by since

My half of OUR Earnings estimated at million.

I do not accept the wrong math that arrived at

 for accountants, rent, food & medical expenses & Not lawyers!

No thanks Judge

You Just Keep Showing the World

How You are not Impartial.

You are Not understanding or concerned for my brain injuries and PTSD and already traumatized life.

Not concerned for non earning spouses.

You are not kind.

A Family Court judge with no real life experience or knowledge of marriage and families? Why are

you a family court judge?

By this ruling YOU show you are allowing

Spousal Abandonment and years of abuses by my husband to continue.

By this Ruling

You want to ensure that I have to live in my car?

 already in his new million dollar house. Thanks Good Job!!!!

The judicial employee who made the worksheet & gave it to Judge has made a mistake.

I will wait until the MATH is reviewed and corrected.

By somebody with a brain. In what universe does

million = .

In no universe based in Reality!

Judge _____, how many non-earning spouses do you think have to live in their cars after you finish divorcing them?

All of them!

Please recuse yourself from our divorce. You have shown your true colors too many times and you cannot possibly continue working in our divorce. You are a very bad judge and a terrible human. You should go back to ruining the environment.

Not my life.

You have asked that I summarize what my notes indicate I testified to regarding the income of _____ at the hearing of _____. I testified according to the following tables:

Income Type	Amount	Bates No.

Subject: Hello Years financially abused by my Husband& Now Also By Judge !!!

Caution! This message was sent from outside your organization.

sorry I've been including you in my responses to the judge they're trying to ruin my life I'm already a damaged human with a ruined life I don't need Judge help please help me

Hello my name is

and my phone number is

my case number is

I tried to reach your office for assistance last year and failed. Bad w computers. Unfortunately I'm still stuck in the same place. Same problem I'm very bad at computers.

After surgeries and injuries, my husband said I'm not fun anymore. Then filed for divorce more than years ago. I am lucky to be alive after a botchec . He felt fine leaving the delivery room. Unfortunately I was not normal ever again.

Instead of letting me heal in peace & have the treatment I came to to have. My husband continued spousal abuse & Denied my access to OUR money in That was supposed to pay for lawyers and accountants medical, unplanned expenses. Then he cut me off all the way & neglected to transfer temporary support in a attempt to force our divorce without providing financial disclosures requested since

Temp support was received from until

I can't work & I can barely leave the house. Due to a botched years ago. Since then medical disasters have resulted in hundreds of days in the hospital. Too many surgeries to save my life five times. & \$ millions of dollars in medical bills.

I've been lied to and misled by every divorce lawyer I hired in the past years. Judge says I have a problem keeping relationships with attorneys. When the fact is judge wouldn't listen to my attorney who let him book divorce court dates. Or the next one or the next one. It took four different attorneys.

Judge forced me to waste of my money to convince him to move the court date. & hear that I was still awaiting financial discovery since ?

I tried to fill out a ADA request form to file by alternative communications and email only. It was denied because I didn't file it correctly? Which is what I was requesting that I couldn't file it
