

State of Arizona
COMMISSION ON JUDICIAL CONDUCT

Disposition of Complaint 24-195

Judge:

Complainant:

ORDER

August 23, 2024

The Complainant alleged a superior court judge erred by not giving her a hearing regarding a contested insurance payment.

The role of the Commission on Judicial Conduct is to impartially determine whether a judicial officer has engaged in conduct that violates the Arizona Code of Judicial Conduct or Article 6.1 of the Arizona Constitution. There must be clear and convincing evidence of such a violation in order for the Commission to take disciplinary action against a judicial officer.

The Commission does not have jurisdiction to overturn, amend, or remand a judicial officer's legal rulings. The Commission reviewed all relevant available information and concluded there was not clear and convincing evidence of ethical misconduct in this matter. The complaint is therefore dismissed pursuant to Commission Rules 16(a) and 23(a).

Commission member Colleen E. Concannon did not participate in the consideration of this matter.

Copies of this order were distributed to all appropriate persons on August 23, 2024.

Case No.:

My name is and I was sued by my own auto insurance after the paid a claim on a vehicle then later decided to retrieve coverage by suing me. This insurance lied to me and falsely told me i would have no coverage due to my son having no permission to drive the night he was in an accident. I filed my fees to have a trial or go through a hearing in hopes to explain my side. Every attempt had been rejected and every request the paralegal asks for is continually granted. I am being harassed because a horrible paralegal who scared me and judges me about this charges and pushes me to pay over with interest and all attorneys fees . This judgment torments me every day! Night! Second. I am a single mother and a good citizen. I work for what I have and I believe this insurance company wants to take my home away which is the only real property or asset the see. I have offered payments or a settlement payment which gets denied due to them only wanting my mortgage agreement sent out along with my bank statements and pay stubs. I believe this is unethical and I am seeking legal assistance to look at my case.

Hello, yes my mistake

It is . I entered my answers after paying a filing fee . Why did I get no hearing? Why did I get no opportunity to explain the situation? How does a paralegal ask an individual to pay over just because an insurance says they want money back which was not paid to me. The insurance lied to me to their benefit so that they could make up a story to deny my claim from the 1st call made to me to later disappear with no communication. My case was handled extensively unprofessionally and unethical. I tried to hire an attorney but not a lot of attorneys will go against an insurance company. I have 0 help and I am on the verge of filling for bankruptcy to get this man off my back . How does a judge allow a huge corporation to take advantage of paying customers . There is so many red flags with my case and but I have not been able to represent my side to anyone in that court which has put a judgment against me, warrant, and now I have to give all my personal delicate information to a stranger just because the judge has granted it all . I am being shocked here.
