**ORDER**

October 18, 2024

The Complainant alleged a superior court judge improperly admonished the Complainant and fell asleep during a hearing for a family law case.

The role of the Commission on Judicial Conduct is to impartially determine whether a judicial officer has engaged in conduct that violates the Arizona Code of Judicial Conduct or Article 6.1 of the Arizona Constitution. There must be clear and convincing evidence of such a violation in order for the Commission to take disciplinary action against a judicial officer.

The Commission reviewed all relevant available information and concluded there was not clear and convincing evidence of ethical misconduct in this matter. The complaint is therefore dismissed pursuant to Commission Rules 16(a) and 23(a).

Commission member Barbara Brown did not participate in the consideration of this matter.

Copies of this order were distributed to all appropriate persons on October 18, 2024.

- It has been months and they have only increased the parenting time once. The judge was falling asleep at the hearing on

- In order to have the parenting time changed so that I could pick up my daughter from school I had to speak out of turn three times and the judge "ADMONISHED" me to speak through my lawyer.

- They have also rescheduled court hearings 3 times without notifying me. The courts & judge not a telephonic means.

- There have been incidents with the Supervisors and me and my children. The Police were involved the second time. The first time the the got upset and started yelling in front of the Guardian ad Litem and listed in her report that her and I were yelling at each other. That she had to describe the situation. The second incident occurred at the splash pad. My son refused to go home w/ the grandparents who supervise the visits. My year old daughter/niece called the grandma a liar and that if she could testify in court she would tell the judge all the bad things that says and does.
