**ORDER**

July 30, 2024

The Complainant alleged improper legal rulings and bias by a city court commissioner hearing a criminal case.

The role of the Commission on Judicial Conduct is to impartially determine whether a judicial officer has engaged in conduct that violates the Arizona Code of Judicial Conduct or Article 6.1 of the Arizona Constitution. There must be clear and convincing evidence of such a violation in order for the Commission to take disciplinary action against a judicial officer.

The Commission does not have jurisdiction to overturn, amend, or remand a judicial officer's legal rulings. The Commission reviewed all relevant available information and concluded there was not clear and convincing evidence of ethical misconduct in this matter. The complaint is therefore dismissed pursuant to Commission Rules 16(a) and 23(a).

Copies of this order were distributed to all appropriate persons on July 30, 2024.

According to the court order issue by Judge [ ] on [ ] I believe her determination was base off of Prejudice, Discrimination & Racial Profiling. Judge [ ] made a wrongful decision by looking at prior arrest records and not convictions. As of todays date I haven't been convicted of anything. On the recored she stated the reason why I havent been convicted was due to my case being dismiss for other reason. She also label myself as a threat to society which is wrong; by making that decision she stripping me from my rights and adding my name to a class I don't belong in. Lastly she also place a ransom on my head to be paid in order to get out of jail which is also wrong. After talking to the prosecutor jail time was not demanded. Overall I believe if concentration camps were still around i've would have been dead and she would have been alive due to [ ] and [ ]. We all can be prejudice but, her actions needs to be address. Im [ ] and she's [ ] and I hate when [ ] people with power treat me unfairly by using prejudice opinion when they don't even know me.
