**ORDER**

October 8, 2024

The Complainant alleged an appellate court judge failed to recuse from the case.

The role of the Commission on Judicial Conduct is to impartially determine whether a judicial officer has engaged in conduct that violates the Arizona Code of Judicial Conduct or Article 6.1 of the Arizona Constitution. There must be clear and convincing evidence of such a violation in order for the Commission to take disciplinary action against a judicial officer.

The Commission reviewed all relevant available information and concluded there was not clear and convincing evidence of ethical misconduct in this matter. The complaint is therefore dismissed pursuant to Commission Rules 16(a) and 23(a).

Commission members Denise K. Aguilar, Barbara Brown, and Louis Frank Dominguez did not participate in the consideration of this matter.

Copies of this order were distributed to all appropriate persons on October 8, 2024.

Hello,

I am a disabled immigrant now U.S. citizen and ASU grad student who has filed a complaint with the court, and now Court and it has come to my attention that there is a conflict of interest for the following judges and I am writing this succinct complaint:

Judge did not reprimand attorney when he mocked my and my in court in front of her as the presiding judge. The minute meetings were then altered and do not match my recording which is also criminal behavior and suspicious behavior and thus I am reporting it to you. Is that normal behaviors for courts in the state of Arizona?

Judge previously worked for Arizona so does the Arizona Court not think that this would cloud her judgment a little? Unfortunately, as a petitioner pro se from another country, the AZ Court petitioner pro se pamphlet is not available in my native tongue. earned her J. D. magna cum laude, from Arizona. Should she recuse herself too?

Funny, how and lawyers can intentionally and maliciously lie to honorable judges in this state. But are all judges who overlooked my cases patients at the and can therefore not judge with common sense?

[hashta to honorable judges of the Arizona Court](#) and [Arizona County Clerk of the Court](#) but I as a graduate student has to pay by not even getting a day on the stand. [County Clerk of the Court](#) would you like the recording where from knocked my and my in court...mysteriously it's not in your court minutes but don't worry I recorded it for my record.

I have already written et al about the attempted murders, vandalism, intimidations threats etc and Is that not enough to grant an injunction against defendants and protect my innocent family? and why is your petitioner pro se pamphlet only available in English for immigrants?

Thank you for helping me and any guidance on my personal matter so that the harm against

me and my innocent family stops now, and that my constitutional rights as a now U.S. Citizen are not further violated.

Thank you,

Yes, with this email I would like to file a formal complaint against the female Court justices who have obvious conflicts of interests in my case however they have not informed me of that and I researched it on the court's website. I am also filing an official complaint against Judge who oversaw my court case and allowed to mock me in Court and make fun of my and which I suffered due to a at the birth of my first child. Sadly, the meeting minutes do not reflect what happened inside of the court room which I find suspicious and weird, and if an unaltered recording of the court events are needed, I am happy to provide them.
