First and foremost I don't think this judge would intentionally commit (Fraud) which is a felony, and stop her immunity from being sued. I think someone with- in her administration did this, but to get this scandalous, malfeasance action investigated she must be excluded.

In this case the sheriff's serve a document upon the defendant's () and issued there affidavit swearing to so some one involved in this case committed (fraud) by saying the sheriff's serve was done ().

This felony action has placed complaint to be placed in double jeopardy and mental anguish... by this fraud taken place and altering facts not in evidence for the record,
