_____   )

On October 9, 1992, by Administrative Order No. 92-29, the Court adopted disposition codes for standard reporting of all violations processed by the courts.

Since its adoption in 1992, legislative changes have mandated some modifications to the codes. Reporting code 55 must be modified to accommodate 1999 legislation which authorized courts to suspend a persons driving privilege for failure to comply with court ordered community service related to some convictions of A.R.S. § 28-672. Three new reporting codes (61, 62, 66) need to be added for reporting juvenile failures to appear and comply to MVD as necessitated by SB 1028, effective 7-18-2000. Code 61 will direct the Motor Vehicle Department (MVD) to suspend the driving privilege. Code 62 will be used to report a suspension release when the juvenile defendant is in compliance. Code 66 will be used by courts to "set aside" a previously reported code 61, (for instance, if issued in error) and will release the juvenile defendant from the responsibility of paying a reinstatement fee to MVD. Code 63 needs to be given a more generic meaning to combine codes 63, 64, and 65 into one code as all three essentially have the same meaning to MVD, and as a result, codes 64 and 65 need to be deleted. Code 71 needs to be added for use when purging outdated cases such as suspensions and warrants.

Now, therefore, pursuant to Article VI, Section 3, of the Arizona Constitution,

IT IS ORDERED that the attached disposition codes are adopted for use by all Arizona courts when recording case dispositions or when reporting case dispositions to non-judicial agencies.

IT IS FURTHER ORDERED that courts may adopt additional disposition codes to accommodate their own operations and which may be used for internal purposes only. All reporting of traffic violation status external to the court of jurisdiction shall be accomplished by using the attached codes.

IT IS FURTHER ORDERED that this order is effective August 1, 2000 and Administrative Order No. 92-29 is hereby rescinded.

Dated this ___30th___ day of ___June___, 2000.
